

**Team name:**

Sarcastic Specialists

**Team Members:**

Hyegeun Gug

Danieal Seeger

John Young

Noah Syens

Xuan-Long Vu

**Meeting time / TA name:**

Thursday 12pm. / Umang Sood

**How we will connect**

1. Group are having discussions with Slack and webex.
2. Team also use git.linux repository to push and pull codes.
3. Every week on Thursday we have discussion with TA and have group meeting afterward to discuss what we have done and what we have to finish.
4. Group divide tasks and ask TA if it's reasonable or not and actually start working.
5. We finalize the process before Friday 10pm and discuss through Slack and merge codes to master.

**Team Repository link:**

<https://git.linux.iastate.edu/younjoh1/coms362>

**Limitation:**

1. Since people are in different time zone, it's having limitation to discuss in the right timeline.
2. Internet access makes call interrupted.
